* Artists new to our Galleries

Hello Signature Gallery family!

Welcome to our latest edition of The Signature Gallery Select. We're all enjoying the last unpredictable days of Spring and feeling the first hints of summer. The desert in Scottsdale is still beautiful so come out now before it goes away, but once it does, you know what that means....

There is so much going on we don't want you to miss any of it! Take a look in the back of our catalog on pages 62-63 at all the exciting events that we are planning. You might want to plan your own summer trip with an art destination in mind. Catch an opening at our Laguna Beach gallery while you enjoy the sunny California beaches. If art and culture appeals to you, our Santa Fe gallery has several events each month of summer. And the rates at the 5-star resorts in Scottsdale are never better than the summertime. You can enjoy the pools and water parks, and then visit the air-conditioned gallery and have a cool glass of lemonade.

There is so much going on we don't want you to miss any of it! See pages 58-59 for more.

Take a peek now at some of the new work that has come into our galleries and get familiar with some new artists we have brought on board.

Make sure you call right away if you see something you like. We had many disappointed customers who had waited too long after our first catalog only to find out that the piece they fell in love with had already been sold. And remember, you can call your favorite art consultant at any location and they will help get that piece into your home.

See our website for more work and the latest of everything. Have a great summer and please travel safe!
