Welcome to the First Edition of The Signature Gallery *Select*!

We are so excited to present our first edition of The Signature Gallery *Select*, with the newest artwork from our premier artists. The Signature Gallery is a family of three galleries, with locations in Laguna Beach, Scottsdale and Santa Fe. We invite you to visit all three galleries and experience the unique personality of each. If you have not had the opportunity to explore them all, this catalog will introduce you to the other wonderful artists that are available to you.

All three of our galleries are passionately dedicated to the search for beauty. We believe that art serves a much higher purpose than just adding color to a room. It can take things of the spirit, the invisible, the things of God himself and make them accessible to our minds and hearts. Mankind craves beauty to lift us up and to restore enthusiasm and confidence. As art lovers, you know that experiencing beauty doesn't remove us from reality, but instead liberates us from darkness, making the reality of our daily lives radiant and beautiful. I hope you may discover here a piece of lasting beauty to bring into your daily life.

As he reflected on Michelangelo's Judgment scene, Saint Augustine sang the praises of the ultimate source of beauty, "Therefore we are to see a certain vision, my brethren, that no eye has seen, nor ear heard, nor the heart of man conceived: a vision surpassing all earthly beauty, whether it be that of gold and silver, woods and fields, sea and sky, sun and moon, or stars and angels. The reason is this: it is the source of all other beauty".

We are so grateful to have such great collectors and would like to express our heartfelt thanks for your years of patronage. Please continue to call and visit - there are many more stories to tell, and many more memories to be made.
